HIGHWAY WOLF

CURRENT SINGLES

Welcome to the adventures of Highway Wolf... a unique musical project led by Mick Hellman and his creative partners, Tal Morris and Amber Morris, who create a sonic experience through a collection of reimagined classics. Highway Wolf takes us on a transformational journey, relatable to anyone challenged by The Call and all that comes with answering The Call. The songs are of the human experience, and through the howling and longing of the Highway Wolf, listeners come to understand these stories through another lens.

"Purdie's Dream is a must listen for anyone interested in authentic and impassioned music. Highway Wolf is, without question, off to a magnificent start." - Top Buzz Magazine

"Hellman never seeks to merely regurgitate recreations of other artist's songs. He refurbishes these tunes in such a way that they conform to his artistic vision and better express the mood of the emotional themes he looks to explore" - The Hollywood Digest

"[The Highway Wolf] comic book delivers a gripping narrative that will hook music lovers, wildlife activists, and readers alike." - Comic Watch
